

INTERNATIONAL INFO CENTER JYVÄSKYLÄ

What is this place?

A multilingual service point, where you can get information, guidance and counseling in 16 different languages. We can be your first point of contact, if you have any questions about living or finding accommodation, working, studying, residence permits, social services and health care, leisure time activities or any other topic related settling down here in Jyväskylä.

Service is free, confidential and open to all.

What is an initial assessment?

Initial assessment is meant to map out your possible needs related to studies and language training, employment, socializing and networking, hobbies or any other aspect, which could help you integrate better into the Finnish society. It doesn't matter if you are new here or have been living in this region for quite a while. You can get in touch with us.

How does it concern me?

As an international student studying in Finland, you can request an initial assessment from the municipality you are living in. Here, in Jyväskylä, you can request initial assessment in English language from International Jyväskylä - Info Center. The initial assessment is voluntary and is done as per the Act on the Promotion of Immigrant Integration.

During the assessment, you can get information about the services in Jyväskylä and how to use them.

For more information about the project, check out ->
